The Carnage Account Ben Lieberman

Hedge fund manager Rory Cage has almost everything: piles of cash, his own NBA team, and a thrilling new profit center that turns murder into money. He's investing heavily in so-called "death bonds," which allow investors to purchase cut-rate life insurance policies from the living, collecting the full amount when they die. Rory, a true entrepreneur, takes matters—and lives—into his own hands, ensuring a faster payout and sending him down a rabbit hole of sociopathic amusements. But even murderous madmen want love, and Rory has his heart set on impressive public-relations expert Dawn Knight. There's just one problem: Clay Harbor, a Navy SEAL turned doctor who has been carrying a torch for Dawn, is back in town. Clay has chosen to put his energies toward saving lives for the moment, but deep down, he is as skilled and ruthless a killer as Rory.

The acclaimed author of *Odd Jobs* returns with a twisted romp through the dark side of Wall Street.
