One of the most unique ecosystems in the world, the Galapagos Islands feature a bizarre diversity of wildlife, with many species endemic to the islands. This beautifully illustrated guide highlights over 140 familiar and unique species of mammals, birds, reptiles, fishes, seashore creatures and butterflies/insects. Also features a unique map that shows the location of the top 10 most sought-after species including the Galapagos tortoise and the flightless cormorant. Laminated for durability, this lightweight, pocket-sized folding guide is an excellent source of portable information and ideal for field use by eco-tourists visiting the islands. Made in the USA.
