Judging in a Therapeutic Key: Therapeutic Jurisprudence and the Courts Bruce J. Winick, David B. Wexler

Part I of this book describes the newly emerging problem-solving courts (such as drug treatment courts, domestic violence courts, mental health courts, etc.) and other related approaches to problem-solving judging and judging with an explicit ethic of care. It shows how judges can use therapeutic jurisprudence not only in specialized problem-solving courts, but in general civil and criminal judicial settings as well.

In Part II, the book covers emerging "principles" of therapeutic jurisprudence that seem to be at work in successful judicial approaches: how courts can encourage offender reform, how they can help offenders develop problem-solving and coping skills, how they can encourage offender compliance with release conditions, how they can serve as effective risk managers, and much more.
