Fundamentals of Educational Research (Teachers' Library)

Garry Anderson, Nancy Arsenault

Fundamentals of Educational Research (Teachers' Library) Garry Anderson, Nancy Arsenault

Fundamentals of Educational Research succeeds in cutting through the complexities of research to give the novice reader a sound basis to define, develop, and conduct study, while providing insights for even the accomplished reader.

This best-selling book is of value to all social researchers, but in particular to upper-level undergraduate and graduate students as well as researchers employed in private industry, management and government agencies. Anderson discusses the research process and offers a wealth of information on how to define a research problem, plan a study, develop a research framework, collect the data, analyse it and write it into a credible paper or thesis. He has captured the essential components of the research process in a book that balances the quantitative and qualitative perspectives through both the academic and consulting research traditions.
