As I try to finish it up, I will say this: try to do your best work no matter who says differently. Try. Nobody is perfect in any way, shape, or form. I will say this: I did try to write this all up the best way I can; considering my stroke and seizure, it was really very hard to write. If you want this job, try to do it the best way you can and be really careful doing it. Watch what goes on all around you because you are the ears and eyes all around. If you see something, say something.
